Address: 31 - 33 Long Street Tetbury Gloucestershire GL8 8AA

Proposal: Removal of modern render and re-point exposed stonework finished with limewash

Case Officer: Minette Matthews

Customer Details

Name: Mr David Hindle

Address: 7 Jacobs Close Tetbury Gloucestershire

Comment Details

Commenter Type: Comments of Support

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

- Design
- Impact on Conservation Area
- Impact on Listed Building

Comment: I have noted that another property has recently had its render removed nearby, and it has gone very well.

I support this proposal, on the assumption that the render can be removed without unacceptable damage to the stone beneath. I do not know if the other property had concrete render, as that would be tougher to remove than conventional render.

However, I know that CDC will only permit this excellent proposal, if the Conservation Officer advises that it will work.
