For the attention of Mrs. Sue Adams.

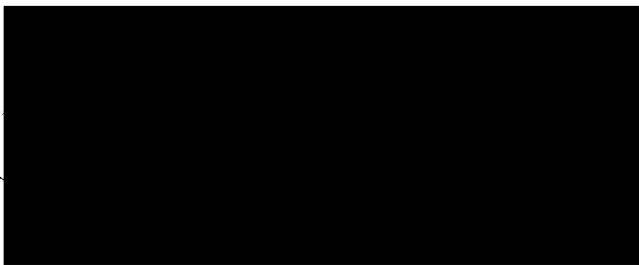

Dear Sirs,

Your Ref. 23/02025/FULLN

Further to your letter of 7<sup>th</sup> August, 2023, I now enclose responses to your points which I have completed to the best of my ability.

As far as your point 03 is concerned, as the works were remedial we did not use the services of an architect, so we have no elevations of before the work was carried out. However I enclose a drawing of the current elevations, to illustrate the chimneys and windows in question.

I apologise for not being able to submit all the documentation electronically, as requested. (I am very nearly 80.)
