Good afternoon,

My client has been unable to secure a bat survey for the old dairy that will allow the application in its entirety to progress. In the interest of moving forward I have been instructed to request that this element of the application be removed and it will be submitted under a separate application at a later date when a suitable report can be provided.

**Project description to now read PROPOSED TWO STOREY SIDE & REAR EXTENSIONS AND DETACHED DOUBLE GARAGE.**

regards,

Robert Taylor
