Lawrence

Please see attached revised fencing plan for Auckland Education Centre, this reflects the current site installations (i.e the fencing to the heights which has now been installed), plus our revised proposals to retain the timber fencing to the boundary adjacent to the Nursery (to maintain privacy for the nursery) along with minor amendment to the hoarding. I understand the nursery are now happy with these proposals and the PM is liaising to obtain confirmation of their withdrawal of objection.

Please note we would be looking to obtain approval for the temporary hoarding for 5 years to maintain a secure site.

Kind Regards

Roslyn
