Details of the pre-application advice received

Pre planning proposal information given from Michelle Kwok planning officer was conclusion summary as follows:

The proposed replacement stables and erection of riding arena at the existing footprint and close to existing built form is not considered to result in significant visual harm to the countryside and AONB nor give rise to unacceptable impact upon residential amenity, therefore, planning permission is likely to be supported subject to landscape provision.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
