Morning TS

Please could this be registered as a 5 Day Notice TPR Tree works application. Thank you.

Kind regards

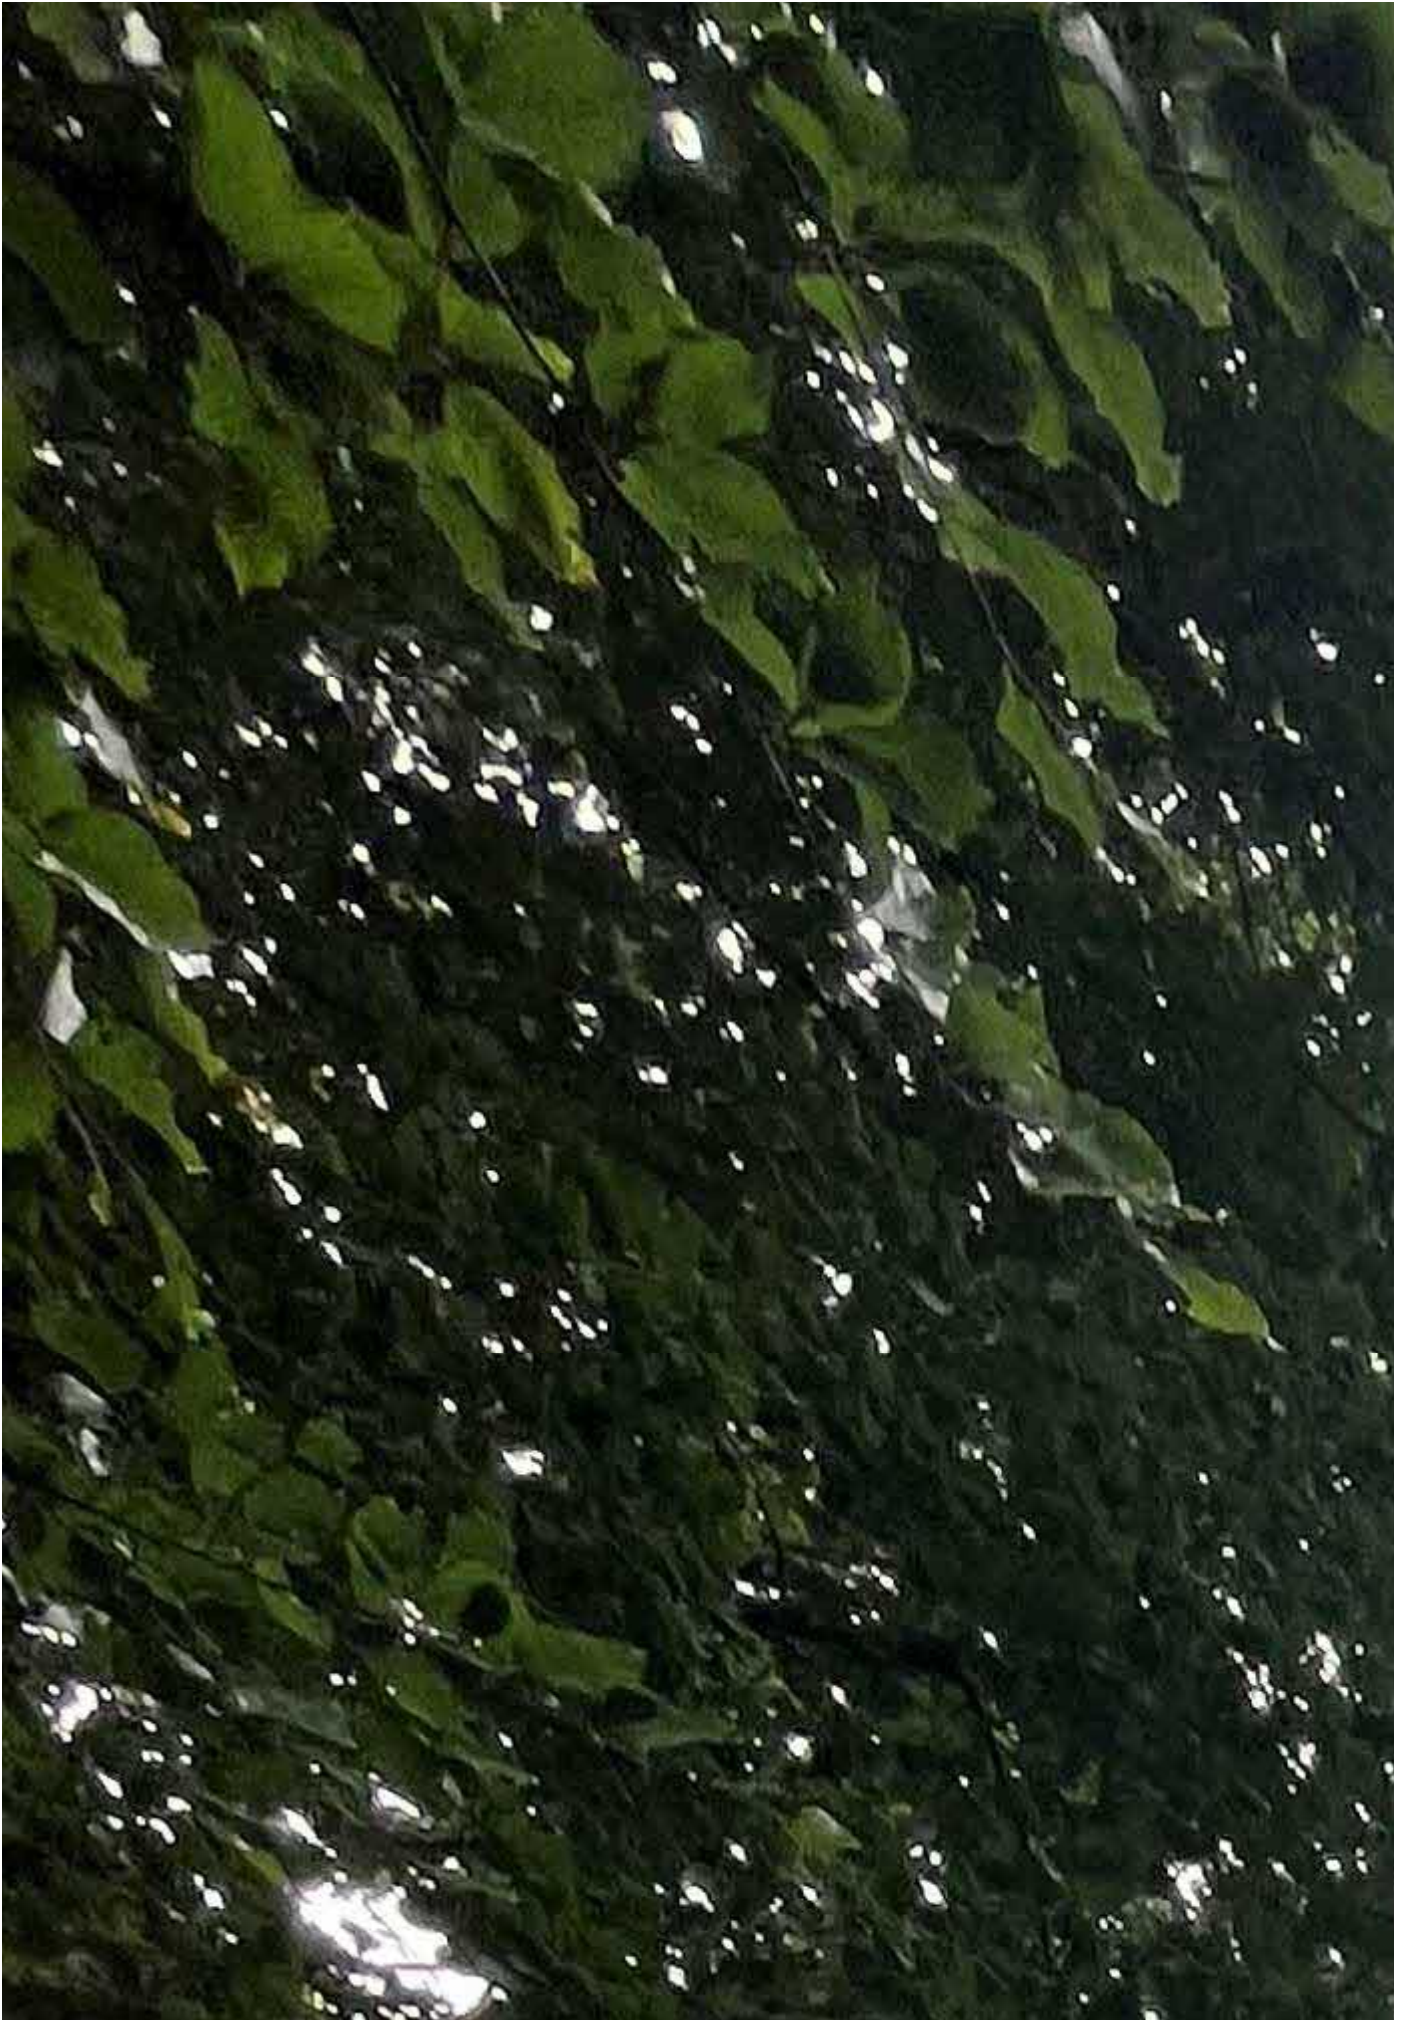

Jane

Morning Jackie.

Report on Pine in back garden of [no 9, south road, Bisley](#).

One pine has died and shows no sign of regeneration, only one limb has dead needles remaining. My thoughts are soil level changes over the years are what has been responsible for the decline of this tree. It is definitely dead and requires urgent removal before it becomes too unstable to work on.
