

Fennings Farm Poultry Site Deliveries Management Plan

Fennings Farm Poultry Site

Delivery Management Plan

Inbound HGVs

- All HGVs will enter site in a forward gear
- Only deliveries coming **to** the site from the Denham Mill may travel through Stradbroke
- All other HGVs will travel to site along the B1118 from Diss turning left onto Rattlerow Hill then turning left into the site

Outbound HGVs

- All HGVs will leave site in a forward gear
- All HGVs leaving site will turn right at the end of the drive and proceed to the junction of Rattlerow Hill and the B1118
- All HGVs must turn right onto the B1118 towards Diss (no HGVs to pass through Stradbroke)

Non-Compliance

- All suppliers will be notified of the required routes in writing
- Signage will be placed in the site signing in office (visited by all drivers when arriving and exiting site) specifying required routes for leaving site
- Signage will be placed on the exit barrier from poultry site specifying required routes
- Any driver identified using alternative routes will be reported to their employer

Fennings Farm Poultry Site Vehicle Routing

- A** All HGVs will arrive & exit from same direction
- B** Route only allowable for vehicles from Denham Mill in one direction only
- C** All other HGVs will use this route in both directions
- D** Incoming eggs, feed, Nestborn equipment, washing equipment & wash water will all use this route
- F** Live birds and muck will use this route
- G** All other HGVs (gas, deadstock etc.) will use A140

Fennings Farm Poultry Site
