

CH1189/ PHOTOSHEET AUGUST 2023

3 MEADOW CLOSE ROTTINGDEAN

We recently received confirmation of approval for the permitted development of the roof conversion and rear extension BH2023/01831 and this work is underway now. My client would like to change the approved front rooflight for the bathroom to a pitched roof front dormer to mirror the attached neighbours front dormer and to give more headheight to the bathroom.

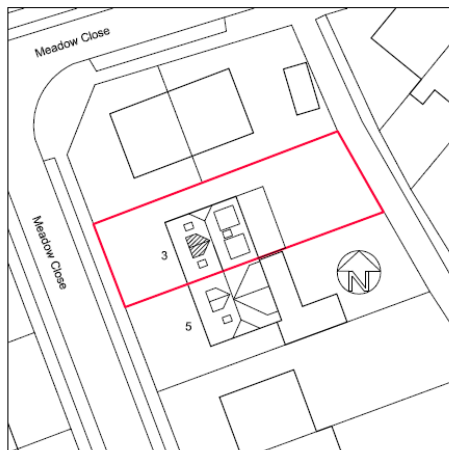

FIRST FLOOR PLAN

ROOF PLAN

FRONT (WEST) ELEVATION

Proposed Block Plan 1:500

Front elevation of neighbours attached house showing front dormer.

Addition of front dormer will restore symmetry to the pair of chalet bungalows.

The dormer will be constructed from tiles and tile hanging to match the existing roof.
