Description
Please describe details of the proposed development or works including any change of use
Installation of an external illuminated Menu Board on the front wall running a powerpoint display during opening hours of the restaurant; 7am -11pm. This is on Main Street, parallel to line traffic so not likely to cause distraction to motorists. Dimensions; overall; 1041x516x130.2 mm. Display area; 702x396mm. The front elevation of the restaurant is North facing, making it very difficult for potential customers to read the menus inside our windows. We didn't realise we needed planning permission so we had put it up; this has now been removed pending planning permission. I will include photos of this very smart and discrete display.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
