Dear Maddie,

Apologies for the delay in responding, I have been away since last Thursday, partly due to illness,

The sample panel will need to be formally approved under a Discharge of Conditions application for Condition 6 of DC/23/00676. I have therefore copied in our Validation Team, who will be able to set it up. You would then receive a formal decision in due course.

I don't immediately think we would need to visit site to view the panel in this case at this point, I think the photos should allow for a sufficient assessment. I also don't have too many initial concerns with what is shown - the bricks are more varied in colour than is traditional for the area, but then so are those on the listed house to some degree (which seems a bit of an anomaly itself), so I may need to consider further their acceptability.

Validation Team – would you be able to set this up as a new Discharge of Conditions Application for Condition 6 (Sample Panel) of DC/23/00676 please, as above,

Kind Regards,
