Subject: App No: 2023/1578/TCA

You don't often get email from becky.s@mtlgroupltd.co.uk. [Learn why this is important](#)

Dear Sir/Madam, ref your letter dated 25th August please find attached a new location plan which clearly shows the tree marked in a red circle and also gives the W3W ref for its position.

The tree has early signs of Ash Dieback, due to its size and being right next to a wall/highway this needs to be removed before it fails (potential to damage wall and fall into the highway)

Do you need any further information regarding this application?

Kind regards
