

Mr & Mrs M Ward

5 Kilham Rd

Rudston

Driffield

We have lived in this house for more than 40 years and have seen local amenities decline over this period.

When Diane opened her store, we were really pleased, especially when she started to sell the Driffield & Wolds Weekly. We used to get our copy in town but when covid hit, Diane would drop off a copy for us and do our weekly shop while she was out getting things for herself and for her store, for which we were really thankful.

When she installed the lighting for the shop area, one light was shining into our bedroom, but as soon as she was made aware of its affect on us, Diane addressed ir straight away and now we are not disturbed by the store at all.

There has never been any noise disturbance, nor have we had any issues with cars parking nearby to use the store. We have never had a problem with litter either, despite there being a bench outside on the grass verge.

The shop is a very important asset to our village, especially in times of bad weather when we are worried about taking the car to town. Diane has often helped with our shopping at those times. There is a very poor public transport service for the area so I'm sure that those without a car would be grateful of the store too.

The store provides a very positive service to our community.
