PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND)
ORDER 2015

Correspondence Address:

England ATP Architecture Town Planning
4 Strickland Place
Southwold
Suffolk
IP18 6HN

Applicant:

Mr Neil Davey
Short Gate
Beyton Road
Drinkstone
IP30 9SR
Suffolk

Date Application Received: 27-Jul-22

Application Reference: DC/22/03745

Date Registered: 16-Aug-22

Proposal & Location of Development:

Planning Application - Change of use of former fire damaged Half Moon Inn buildings and erection of new extensions to form 2no separate dwellings, parking, vehicular accesses and amenity lands.

Former Half Moon Inn, Half Moon Street, Rattlesden, IP30 0RH

Section A – Plans & Documents:

This decision refers to drawing no./entitled HM TS 7+block plan received 11/08/2022+site plan received 27/07/2022 as the defined red line plan with the site shown edged red. Any other drawing showing land edged red whether as part of another document or as a separate plan/drawing has not been accepted or treated as the defined application site for the purposes of this decision.

The plans and documents recorded below are those upon which this decision has been reached:

Block Plan - Proposed HM FA 01 - Received 27/07/2022
Sectional Drawing HM FA 02 as existing A-C - Received 27/07/2022
Sectional Drawing HM FA 03 as proposed A-C - Received 27/07/2022
Site Plan HM CL 05 ex bldgs & concept l'out - Received 27/07/2022
Site Plan HM H 06 historic +photos - Received 27/07/2022
Site Plan HM TS 07 +block plan - Received 27/07/2022
Topographic Survey HM TS 08 - Received 27/07/2022
Sectional Drawing HM FA 02 A as existing F B D - Received 08/08/2022
Sectional Drawing HM RFA 02A as existing - Received 11/08/2022

Block Plan - Proposed HM RFA 01 - Received 11/08/2022
Sectional Drawing HM RFA 02 as existing - Received 11/08/2022
Site Plan SJG3863 as existing - Received 11/08/2022
Sectional Drawing HM RFA 03 as proposed - Received 11/08/2022
Sectional Drawing HM RFA 04 as proposed - Received 11/08/2022
Site Plan HM RFA 05 proposed layout - Received 11/08/2022
Site Plan HM RFA 06 historic layout - Received 11/08/2022
Defined Red Line Plan HM TS 7 +block plan - Received 11/08/2022
Sectional Drawing levels - Received 11/08/2022
Topographic Survey HM TS 8 - Received 11/08/2022
Topographic Survey HM TS 9 - Received 11/08/2022
Defined Red Line Plan +site plan - Received 27/07/2022
Topographic Survey HM TS 09 +sections - Received 27/07/2022

Section B:

Mid Suffolk District Council as Local Planning Authority, hereby give notice that **PLANNING PERMISSION HAS BEEN GRANTED** in accordance with the application particulars and plans listed in section A subject to the following conditions:

1. ACTION REQUIRED IN ACCORDANCE WITH A SPECIFIC TIMETABLE:
COMMENCEMENT TIME LIMIT

The development hereby permitted shall be begun not later than the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. APPROVED PLANS & DOCUMENTS

The development hereby permitted shall be carried out in accordance with the drawings/documents listed under Section A above and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard. Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved under Section A, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Reason - For the avoidance of doubt and in the interests of proper phased planning of the development.

3. IMPROVEMENT TO ACCESS

No other part of the development hereby permitted shall be occupied until the new access has been laid out and completed in all respects in accordance with drawing no. DM01 with an entrance width of 3 metres. Thereafter it shall be retained in its approved form.

Reason: To ensure the access is laid out and completed to an acceptable design in the interests of the safety of persons using the access and users of the highway.

4. CONSTRUCTION MANAGEMENT CONDITION

Before the first use of access, a Construction Management Plan shall have been submitted to and approved in writing by the Local Planning Authority. Construction of the development shall not be carried out other than in accordance with the approved plan.

The Construction Management Plan shall include the following matters:

- a) parking and turning for vehicles of site personnel, operatives and visitors
- b) loading and unloading of plant and materials
- c) piling techniques (if applicable)
- d) storage of plant and materials
- e) provision and use of wheel washing facilities
- f) programme of site and all associated works such as utilities including details of traffic management necessary to undertake these works
- g) site working and delivery times
- h) a communications plan to inform local residents of the program of works
- i) provision of boundary hoarding and lighting
- j) details of proposed means of dust suppression
- k) details of measures to prevent mud from vehicles leaving the site during construction
- l) haul routes for construction traffic on the highway network and
- m) monitoring and review mechanisms.
- n) Details of deliveries times to the site during construction phase.

Reason: In the interest of highway safety to avoid the hazard caused by mud on the highway and to ensure minimal adverse impact on the public highway during the construction phase.

5. PRIOR TO FIRST OCCUPATION OF THE DEVELOPMENT : PRESENTATION OF BINS/REUSE BINS

Before the development is first occupied, details of the areas to be provided for the storage and presentation for collection/emptying of refuse and recycling bins shall be submitted to and approved in writing by the Local Planning Authority.

The approved bin storage and presentation/collection area shall be provided for each dwelling prior to its first occupation and shall be retained thereafter for no other purpose.

Reason: To ensure that space is provided for refuse and recycling bins to be stored and presented for emptying and left by operatives after emptying clear of the highway and access to avoid causing obstruction and dangers for the public using the highway.

6. PRIOR TO COMPLETION ABOVE SLAB LEVEL: EV CHARGING POINTS

Before completion of hereby development above slab level, details of the infrastructure to be provided for electric vehicle charging points shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be carried out in its entirety before the development is brought into use and shall be retained thereafter and used for no other purpose.

Reason: In the interests of sustainable travel provision and compliance with Local Plan Sustainable Transport Policies. This condition is imposed to avoid expensive remedial action which adversely impacts on the viability of the provision of electric vehicle infrastructure if a suitable scheme cannot be retrospectively designed and built.

7. SECURE, COVERED AND LIT CYCLE STORAGE PROVISION

Before the development is completed above slab level, details of the areas to be provided for the secure, covered and lit cycle storage including electric assisted cycles shall be submitted to and approved in writing by the Local Planning Authority.

The approved scheme shall be implemented for each dwelling prior to its first occupation and retained as such thereafter.

Reason: To promote sustainable travel by ensuring the provision at an appropriate time and long term maintenance of adequate on-site areas and infrastructure for the storage of cycles and charging of electrically assisted cycles in accordance with Suffolk Guidance for Parking (2019). This condition is imposed because it must be demonstrated that the development can accommodate sufficient cycle storage before construction works may make this prohibitive and in the interests of ensuring that sustainable transport options are provided.

8. PRIOR TO USE CONDITION: LOADING, UNLOADING AND MANOEUVRING

The use shall not commence until the area(s) within the site shown on drawing no.HM-RFA.01 for the purposes of loading, unloading, manoeuvring and parking of vehicles has / have been provided and thereafter the area(s) shall be retained, maintained and used for no other purposes.

Reason: To ensure that sufficient areas for vehicles to be parked are provided in accordance with Suffolk Guidance for Parking (2019) where on-street parking and or loading, unloading and manoeuvring would be detrimental to the safe use of the highway.

9. DISCHARGE OF SURFACE WATER

Before the first use of access, detailers shall be submitted to and approved in writing by the Local Planning Authority showing the means to prevent the discharge of surface water from the development onto the highway including any system to dispose of the water. The approved scheme shall be carried out in its entirety before the access is first used and shall be retained thereafter in its approved form.

Reason: To prevent hazards caused by flowing water or ice on the highway. This is to avoid expensive remedial action which adversely impacts on the viability of the development if, given the limitations on areas available, a suitable scheme cannot be retrospectively designed and built. This condition is imposed because insufficient details have been submitted at planning stage.

10. ACCESS SURFACE MATERIALS

Prior to the development hereby permitted being first occupied, the new and existing accesses onto the highway shall be properly surfaced with a bound material for a minimum distance of 5 metres measured from the nearside edge of the metalled carriageway, in accordance with details that shall have previously been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure construction of a satisfactory access and to avoid unacceptable safety risks arising from materials deposited on the highway from the development.

11. ON GOING REQUIREMENT OF DEVELOPMENT: TIMESCALE FOR LANDSCAPING

All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use or first occupation of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and species.

Reason - To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

12. SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PERMITTED DEVELOPMENT RIGHTS

Notwithstanding Section 55 (2)(a)(ii) of the Town and Country Planning Act 1990 as amended and the provisions of Article 3, Schedule 2 Part 1 Classes A to E and H and Part 2 Class A of the Town and Country Planning (General Permitted Development) Order 2015, (or any Order revoking and re-enacting that Order with or without modification):- - no enlargement, improvement, insertion of new openings or other alteration of the dwelling house(s) shall be carried out, - no garage, car port, fence, gate, wall or any other means of enclosure, building or structure shall be erected, except pursuant to the grant of planning permission on an application made in that regard.

Reason - To enable the Local Planning Authority to retain control over the development in the interests of the amenity of the locality and to safeguard local distinctiveness.

SUMMARY OF POLICIES WHICH ARE RELEVANT TO THE DECISION:

NPPF - National Planning Policy Framework
NPPG-National Planning Policy Guidance
FC01 - Presumption In Favour Of Sustainable Development
FC01_1 - Mid Suffolk Approach To Delivering Sustainable Development
SB02 - Development appropriate to its setting
CS01 - Settlement Hierarchy
CS02 - Development in the Countryside & Countryside Villages
CS05 - Mid Suffolk's Environment
H07 - Restricting housing development unrelated to needs of countryside
H13 - Design and layout of housing development
H15 - Development to reflect local characteristics
H16 - Protecting existing residential amenity
H09 - Conversion of rural buildings to dwellings
HB01 - Protection of historic buildings
T09 - Parking Standards
T10 - Highway Considerations in Development

NOTES:

1. Statement of positive and proactive working in line with the National Planning Policy Framework (NPPF)

The proposal has been assessed with regard to adopted development plan policies, the National Planning Policy Framework and all other material considerations. The NPPF encourages a positive and proactive approach to decision taking, delivery of sustainable development, achievement of high quality development and working proactively to secure developments that improve the economic, social and environmental conditions of the area. In this case the applicant took advantage of the Council's pre-application service prior to making the application. The opportunity to discuss a proposal prior to making an application allows potential issues to be raised and addressed pro-actively at an early stage, potentially allowing the Council to make a favourable determination for a greater proportion of applications than if no such service was available.

2. Unexpected ground conditions

Minimum requirements for dealing with unexpected ground conditions being encountered during construction.

1. All site works at the position of the suspected contamination will stop and the Local Planning Authority and Environmental Health Department will be notified as a matter of urgency.
2. A suitably trained geo-environmental engineer should assess the visual and olfactory observations of the ground and the extent of contamination and the Client and the Local Authority should be informed of the discovery.
3. The suspected contaminated material will be investigated and tested appropriately in accordance with assessed risks. The investigation works will be carried out in the presence of a suitably qualified geoenvironmental engineer. The investigation works will

involve the collection of solid samples for testing and, using visual and olfactory observations of the ground, delineate the area over which contaminated materials are present.

4. The unexpected contaminated material will either be left in situ or be stockpiled (except if suspected to be asbestos) whilst testing is carried out and suitable assessments completed to determine whether the material can be re-used on site or requires disposal as appropriate.

5. The testing suite will be determined by the independent geo-environmental specialist based on visual and olfactory observations.

6. Test results will be compared against current assessment criteria suitable for the future use of the area of the site affected.

7. Where the material is left in situ awaiting results, it will either be reburied or covered with plastic sheeting.

8. Where the potentially contaminated material is to be temporarily stockpiled, it will be placed either on a prepared surface of clay, or on 2000-gauge Visqueen sheeting (or other impermeable surface) and covered to prevent dust and odour emissions.

9. Any areas where unexpected visual or olfactory ground contamination is identified will be surveyed and testing results incorporated into a Verification Report.

10. A photographic record will be made of relevant observations.

11. The results of the investigation and testing of any suspect unexpected contamination will be used to determine the relevant actions. After consultation with the Local Authority, materials should either be:

- o re-used in areas where test results indicate that it meets compliance targets so it can be re-used without treatment; or

- o treatment of material on site to meet compliance targets so it can be re-used; or

- o removal from site to a suitably licensed landfill or permitted treatment facility.

12. A Verification Report will be produced for the work.

3. **Highways Note**

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the Highway Authority.

Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by the County Council or its agents at the applicant's expense.

The County Council must be contacted on Tel: 0345 606 6171.

For further information go to:

or:

<https://www.suffolk.gov.uk/planning-waste-and-environment/planning-and-development-advice/application-for-works-licence/>

County Council drawings DM01 - DM14 are available from:

<https://www.suffolk.gov.uk/planning-waste-and-environment/planning-and-development-advice/standarddrawings/>

A fee is payable to the Highway Authority for the assessment and inspection of both new vehicular crossing access works and improvements deemed necessary to existing vehicular crossings due to proposed development.

Babergh and Mid Suffolk District Councils have adopted Community Infrastructure Levy (CIL) charging which affects planning permissions granted on or after 11th April 2016 and permitted development commenced on or after 11th April 2016. If your development is for the erection of a new building, annex or extension or the change of use of a building over 100sqm in internal area or the creation of a new dwelling or holiday let of any size your development may be liable to pay CIL and you must submit relevant documents to our Infrastructure Team telling us more about your development, who will pay CIL and when the development will start. You will receive advice on the amount you have to pay and what you have to do and you can find more information about CIL on our websites here:

[CIL in Babergh](#) and [CIL in Mid Suffolk](#) or by contacting the Infrastructure Team on: infrastructure@baberghmidsuffolk.gov.uk

This relates to document reference: DC/22/03745

Dated: 11th October 2022

**Chief Planning Officer
Sustainable Communities**

Important Notes to be read in conjunction with your Decision Notice

Please read carefully

This decision notice refers only to the decision made by the Local Planning Authority under the Town and Country Planning Acts and DOES NOT include any other consent or approval required under enactment, bylaw, order or regulation.

Please note: depending upon what conditions have been attached to the decision, action may be required on your part before you can begin your development. Planning conditions usually require that you write to the Local Planning Authority and obtain confirmation that you have discharged your obligations. You should read your decision notice in detail and make a note of the requirements placed on you by any conditions. **If you proceed with your development without complying with these conditions you may invalidate your permission and put your development at risk.**

Discharging your obligations under a condition:

You should formally apply to discharge your conditions and the relevant application forms are available on the Council's website. The Local Planning Authority has 8 weeks to write to you after you submit the details to discharge your conditions. You should always account for this time in your schedule as the Local Planning Authority cannot guarantee that conditions can be discharged quicker than this. A fee is applicable for the discharge of planning conditions.

Building Control:

You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control Section of Babergh and Mid Suffolk District Councils.

Appeals to the Secretary of State

1. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or consent, or to grant permission or consent subject to condition, they may appeal to the Secretary of State for Communities and Local Government. The applicant's right of appeal is in accordance with the appropriate statutory provisions which follow:

Planning Applications: Section 78 Town and Country Planning Act 1990

Listed Building Applications: Section 20 Planning (Listed Buildings and Conservation Areas) Act 1990

Advertisement Applications: Section 78 Town and Country Planning Act 1990
Regulation 15

Town and Country Planning (Control of Advertisements) Regulations 2007

Notice of appeal in the case of applications for advertisement consent must be served within eight weeks of receipt of this notice. Notice of Householder and Minor Commercial Appeals must be served within 12 weeks, in all other cases, notice of appeal must be served within six months of this notice. If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within six months of the date of this notice, whichever period expires earlier.

Appeals must be made on a form which is obtainable from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or online at <https://www.gov.uk/government/publications/modelnotification-notice-to-be-sent-to-an-applicant-when-permission-is-refused>

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he/she will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him/her that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by it, having regard to the statutory requirements*, to the provisions of the Development Order, and to any directions given under the Order. The Secretary of State does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him/her.

2. If permission or consent to develop land or carry out works is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonable beneficial use by the carrying out of any development or works which has been or would be permitted they may serve on the Council of the district in which the land is situated, a purchase notice requiring the Council to purchase his interest in the land in accordance with the provisions of Section 137 of the Town and Country Planning Act 1990 or Section 32 Planning (Listed Buildings and Conservation Areas) Act 1990.

*The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70 and 72(1) of the Act.
