15th September 2023
Our Ref: 23/02755/ATP

Dear Sir/Madam,

Chalfont House 18 The Pightle Oving Buckinghamshire HP22 4HS

T1. Sycamore. Crown thin by removing growth from the interior of the crown and out to the periphery of the crown in order to lessen the foliage density by 15%.

This work is in order to allow increased light levels to the garden beneath and thereby improve the owners use and enjoyment of the garden without compromising the overall stature, form and amenity value of the tree.

Thank you for your application which was registered on the 13th September 2023. The application is being dealt with.

There is no fee necessary for this application.

If I have not sent you a decision by 8th November 2023 and you have not agreed to extend the period for the Council to make a decision, you then have a period of 28 days in which you can lodge an appeal with the Secretary of State for the Environment on a form available from the Department of the Environment, Eastern Regional Office (Environment), Heron House, 49-51 Goldington Road, Bedford, MK40 3LL. You will appreciate that it is not always possible for an application to be dealt with within the period given, and you may wish to contact this office before proceeding further with an appeal as once an appeal is lodged, a decision on the application cannot be made by the Council.

To ensure our records are always up to date, please let us know if you change your postal or email address.

Yours faithfully,

The Business Support Team
