Details of the pre-application advice received

Letter with detailed advise with conclusion "I am of the opinion that a dwelling could be acceptable in this location. However, the indicative outline provided would not reflect the character of the area and a property with side (and possibly a rear) gables would work better and enable the single storey eaves to be reflected. Additional details would be required in order to demonstrate that no harm would come to the tree, highway safety or the residential amenities currently enjoyed by the host dwelling given the proximity of built form outside side window."
