For the attention of Lesley Raby

I refer to your letter dated 12 September 2023 in relation to application 23/01603/F.

I attach a copy of the requested information, namely roof plan and flood risk assessment (taken from gov.uk website which outlines the site is in zone 1 flood risk with a low probability of flooding.. the proposal itself is also positioned 1000 mm above current internal floor level.

I trust the attached is sufficient to enable the application to be validated.

Regards
