

Block Plan - Proposed

1:500

This drawing set is to support the planning application for a 133.9kWp system to be installed at Littlemore Mental Health Centre.

The application being sought is a prior approval application as the solar PV system size is rated above 50kWp, and therefore not deemed as microgeneration, but all permitted development rights have been adhered to, such as maintaining a minimum of 1,000mm from the edges of the roof and ensuring that the panels will not project more than 200mm from the roof slope.
