

Map of Location

Erection of Stabling at Low Grange High Shincliffe

Points to consider

- The land is a steep hill
- The stables are blocked from view from the A177 as they are on the top of the hill
- The very top of the stable block is visible from Heathways, as the hedge was cut by mistake. It has now been left to grow
- The three gates are numbered – 1 Hillcrest, 2 Field, 3 Village
- The approximate location of stable is marked by the square.
