Details of the pre-application advice received

Pre-application advice was sought in May and received 17th July. The feedback reads:

'The proposal would be acceptable in principle; however, the proposed roof lights would be required to be scaled down and flush to the roof of the existing dwelling. The proposed sun tunnel would be acceptable and would not result in harm to the significance of the listed building.'

The design proposal here presented has been developed inline with the advice. As such, the two roof lights here proposed are of smaller scale and with two panes.
