

Appendix 10.1

Transport and Access Plan

-  West Midland Safari Park Ownership Boundary
-  Development Area: 9,335 m²
-  Construction Staging Area
-  Transport Route - Westbound
-  Transport Route - Eastbound
-  Primary Access Route
-  Alternative Access Route

Map Details

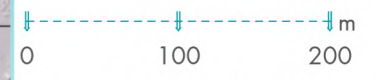

Proposed routes for deliveries relating to the array development on land within West Midland Safari Park.

Primary route into the park will make use of a gated entry point at the northern edge of the car park (closed to all unauthorised vehicles). Route would allow for movement of components, away from the general public vehicular area.

Secondary option available, with vehicles using the service route at the Parks entrance (alternative mapped).

Local road network encompassing the Safari Park is of adequate geometry and construction, with no upgrading works required.

Scale: 1:5,000 @ A3
