**Attachments:**Parking plan.pdf

I refer to your letter of 29th September regarding this application.

Given that the application relates to cladding of the glasshouse, I'm surprised that some form of parking plan is being requested.

I have attached a copy of the Block Plan showing where vehicles would be parked at each end of the building in question. Clearly there is space for more than four.

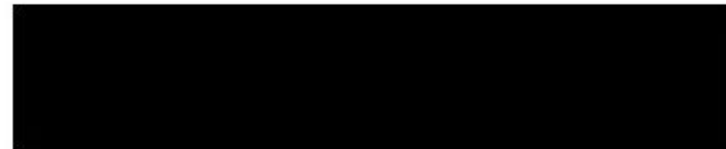

As to the overall site the remainder of the applicant's yard to the west is used for additional parking as well as open storage.

I trust that this is sufficient.
