Details of the pre-application advice received

Building too large, lack of information on proposed use. Some of the comments were contradictory to what was shown on the submitted drawings ie.
The proposed building is extremely large and has a far greater bulk and height than the former outbuildings it has replaced. The proposal is of an excessive scale, height and bulk, out of keeping with the modest host dwelling that sits on this plot and the surrounding character of the area. This will result in harmful visual intrusion and have a significant adverse impact upon the openness of the Green Belt.
This is not entirely correct, the proposed building was 0.3m lower, 27% smaller footprint and had a similar form to the original buildings.
Plus the preapp was for a domestic building, the officer kept referring to business use which was not the intention for these new workshops.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
