More information about the proposed work required

1. T1 - a) lift crown to provide clearance of up to 6m from the footpath and gravestones underneath  
b) remove dead branches from T1 which overhang the footpath and are in close proximity to the roof at the eastern end of the Grade I listed church
2. T2, a) lift the crown to provide clearance of up to 6m from the gravestones underneath. B) remove dead branches that are tangled up with T3 and T1.
3. T3 a) lift the crown to provide clearance of up to 6m from the gravestones underneath. B) remove dead branch that appears to start near the base of the tree and twists up towards the top of the tree.

4. T4 a) lift the crown to provide clearance of up to 6m from the gravestones

5.T5 remove the whole of this self set sucker which is within the iron railings of the Fison family grave and growing out of the grave causing damage to the grave and Victorian monument.

Please let me know if you any further detail

I have completely failed to locate the application anywhere in your website. Ii have spent ages trying to work out how to find it. I am clearly incompetent when it comes to using your system and apologise that this email is the only way I can send you the required information.
