Proposed Plan

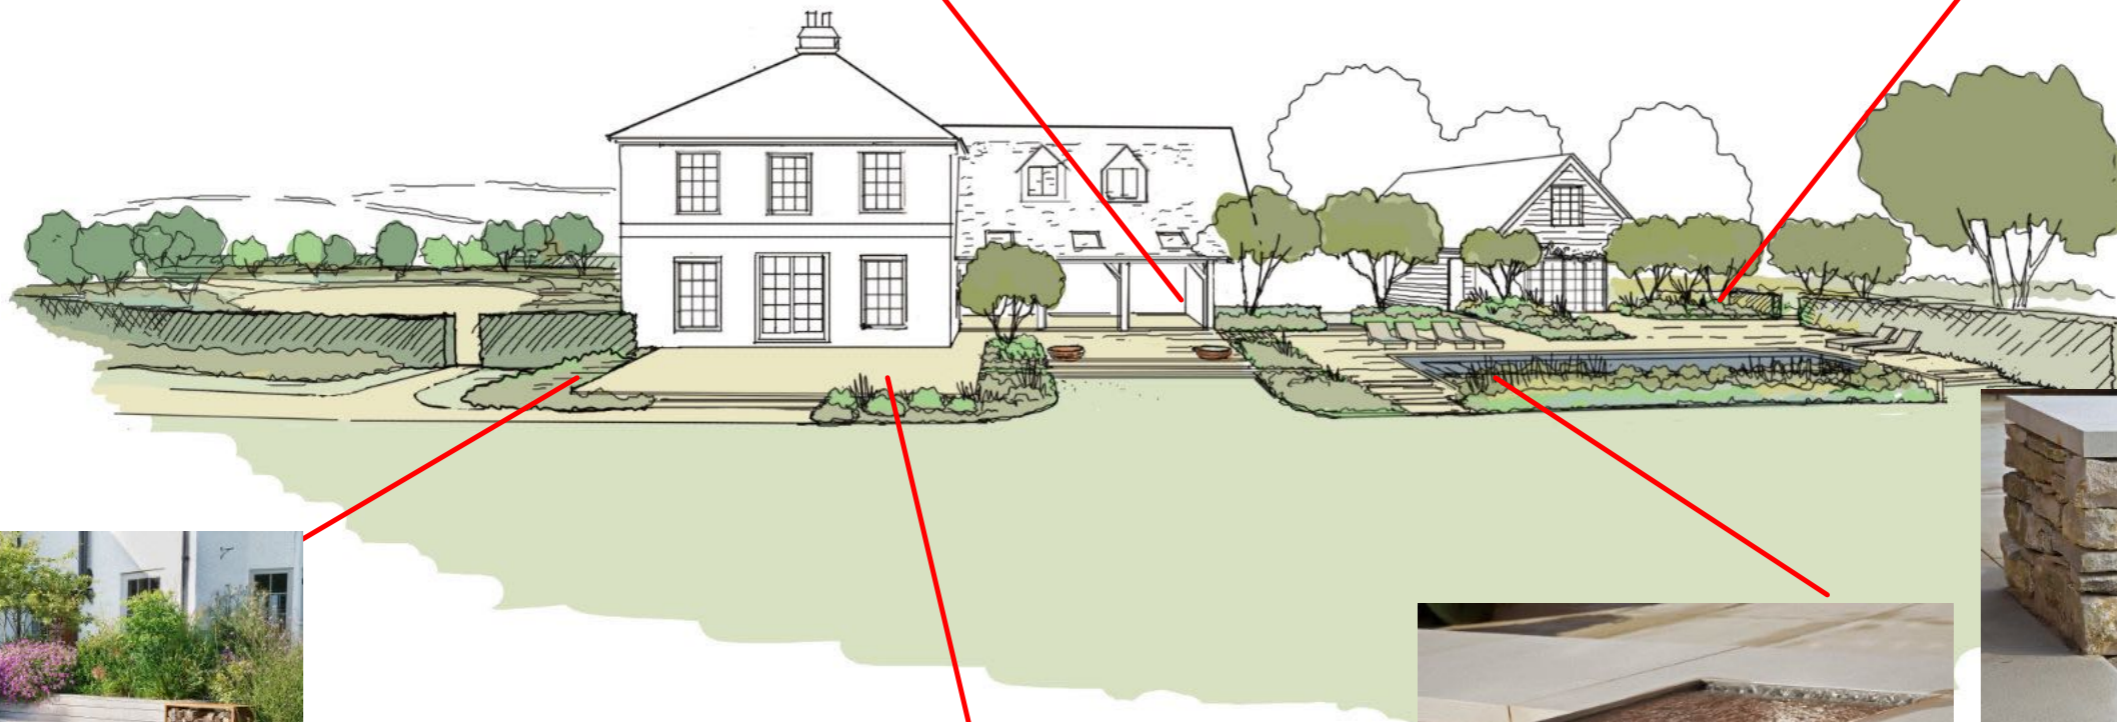

Indicative garden sketch view

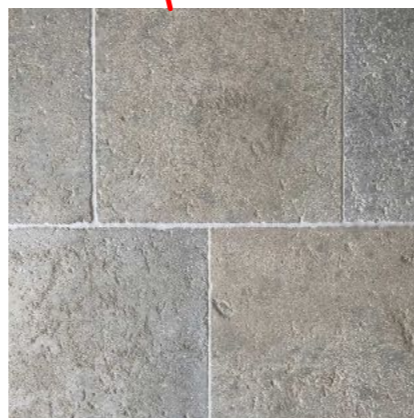

Contemporary elements : Clay pavers to provide texture in detail areas and thresholds available from Chelmer Valley

Cobbles and setts to add interest and cozy up paved spaces

Estate gates and railings near house timber post and rail elsewhere

Limestone paving slabs available from Natural Stone Consultancy

Limestone coping over low stone retaining walls

Hardscape intent

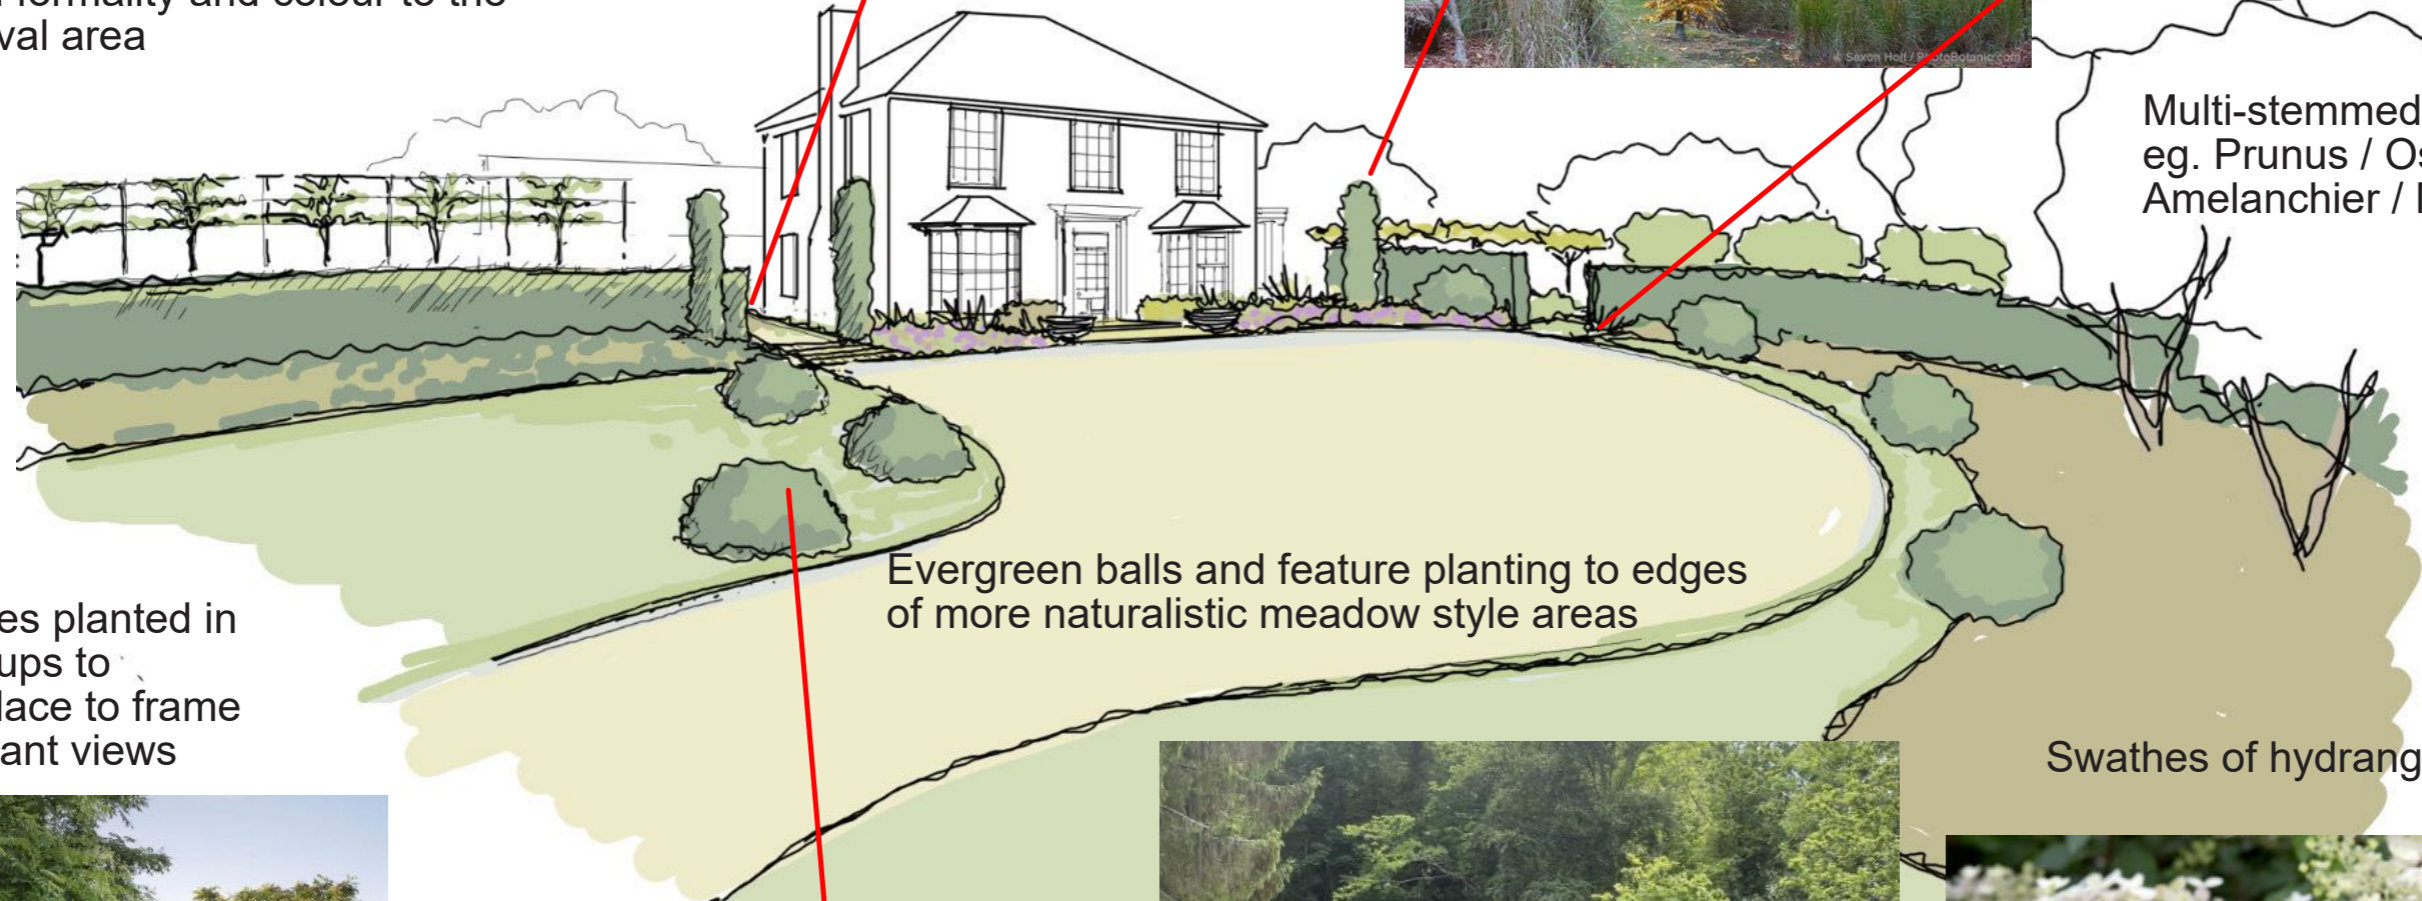

Glimpses of the garden beyond through gateways and framed vistas

Mix grass species with herbaceous perennials to contrast with hornbeam columns makes for a formal entrance

Pleached crab apple trees to add formality and colour to the arrival area

Multi-stemmed feature trees eg. Prunus / Osmanthus / Amelanchier / Malus

Evergreen balls and feature planting to edges of more naturalistic meadow style areas

Swathes of hydrangeas

Trees planted in groups to replace to frame distant views

Softscape intent

Native tree planting, evergreen obelisks and meadow seed mixes around new driveway

Frame key entertaining spaces and seating areas with planting as the key focal point from the doors and windows

Softscape intent 2

Acer campestre

Malus Evereste

Malus Winter Gold Field

Lilac. Syringa vulgaris-Madame Lemoine

Sorbus intermedia

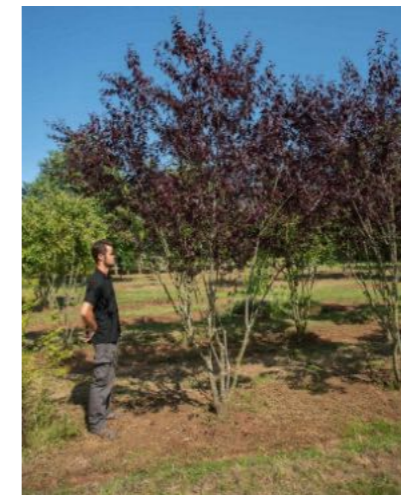

Amelanchier

Pinus sylvestris watereri

Old Espalliers

Prunus-cerasifera-Nigra

Quercus ilex

Pyrus calleryana Chanticeleer

Osmanthus(umbrella)

Prunus-'Tai-hako

Suggested tree species
