Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make An existing first floor window to the West side elevation is to be removed and the opening infilled with brickwork to match the existing. Following the technical design stage, there is a need for the front portion of the roof at the West side elevation to be slightly adapted where the fascia/bargeboard of the gable meets the fascia of the eaves to the front extension, rather than continuing beyond as shown in the original planning drawings. Following this, the tile hanging to the front extension is now proposed to return around the side elevation and continue along the eaves of the projection. Please state why you wish to make this amendment This window is no longer required. The adjustment to the roof and introduction of additional tile hanging is purely for aesthetic reasons, this will ensure a high quality detail at the transition between the new and existing elements.
