

The Endowment a Category B Listed Building, to the left, with 2 Veere Park opposite and Saorsa Inn in the distance. 2 Veere Park has a negative impact on The Endowment in its form, scale and mass. No Heritage Impact Assessment was required. In the distance and highlighted is Westend Cottage which disappears into the background.

This image shows that 6 Veere Park has a negative impact on Westend Cottage in its massing, scale and design. This building commands the landscape and is completely out of character with the surrounding area. The proposed extension to Westend Cottage is set down, set back and in scale and character with the Category B listed building, unlike the surrounding environment. No HIA was submitted to mitigate against any negative impact Veere Park would have on the Historic Environment

The Endowment a Category B Listed Building, to the left, with 2 Veere Park opposite and Saorsa Inn in the distance, and 5 Veere Park appearing on the right. Veere Park has a negative impact on Westend Cottage and The Endowment in its form, scale and mass. No Heritage Impact Assessment was required. In the distance and highlighted is Westend Cottage which disappears into the background.

This image shows that Saorsa Inn and 5 Veere Park has a negative impact on Westend Cottage in their massing, scale and design. This buildings command the landscape and are completely out of character with the surrounding area. The proposed extension to Westend Cottage is set down, set back and in scale and character with the Category B listed building, unlike the surrounding environment. No HIA was submitted to mitigate against any negative impact Veere Park or Saorsa Inn would have on the Historic Environment

Saorsa Inn has been constructed at the junction of Main Street and Low Causeway. It is a 2 storey building finished in white render which stands out as a prominent building in the landscape. However this building has not been built according to the approved plans of 10/00423/FULL. It is also adjacent to The Endowment, also a Category B Listed building. This building bisects the Historic environment and has an impact on both buildings in terms of colour, mass and design.
