## Description of Proposed Works, Impacts and Risks Proposed works Please describe the proposed development including details of any dwellinghouses and other works proposed Change of Use of Ground Floor from Commercial (Class E) to Residential (Class C3) to Create One Self-Contained Residential Unit. Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses Please refer to the daylight / sunlight assessment submitted with this application. What will be the net increase in dwellinghouses? 1 This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development. Impacts and risks Please provide details of any transport and highways impacts and how these will be mitigated, particularly to ensure safe site access Please refer to the transport statement submitted with this application. Please provide details of any contamination risks and how these will be mitigated N/A. please refer to the planning statement submitted with this application for details. Please provide details of any flooding risks and how these will be mitigated. The site is located in a flood zone 1 which has a low probability of flooding. In addition, the site has very low risk from surface water and other sources of flooding. A flood risk assessment should accompany the application where the site: • is in Flood Zones 2 or 3; or • is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency). Check if your site location is in Flood Zone 2 or 3 online Check with your Local Planning Authority to see if your site is in an area with critical drainage problems. Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated N/A please refer to the planning statement submitted with this application for details. If the building is located in a conservation area, and the development involves a change of use of the whole or part of the ground floor. Please provide details of the impacts that the change of use will have on the character or sustainability of the conservation area and how these will be mitigated N/A If the building is located in an area currently in use for general or heavy industry, waste management, storage and distribution, or a mix of such Please provide details of the impacts on intended occupiers of the development of the introduction of residential use in the area and how these will be mitigated N/A

f the proposal involves the loss of services provided by a registered nursery, or a health centre. Please provide details of provision of the type of services lost and how these will be mitigated	the impacts on the local
