The scheme looks acceptable to me on the basis that it is to the rear, and intersects with areas of brickwork that appear to have been rebuilt at some point in the past. It has no impact on the high quality front elevation and no material impact on the historic brickwork to the side elevation. It would have the form of a traditional, understated two storey extension and in my view would be acceptable at planning stage.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
