@A - To all drawings red hatch denotes extents of proposed rendering
@B - to this drawing Rybats to windows formed in contrasting render colour

Render

Remove all existing cement render and pointing and any loose or delaminating stone. Wash down cut back joint for key as required and apply Masons Mortar Façade 400 coloured cement free lime render system. Provide protection to render during curing time with waterproof hessian sheet. Colour to be selected and approved prior to ordering of materials. Allow for sample panel for approval.
