Similarities with the proposed extension at 1 Sundew Close

Roof over double storey side extension in at the same level at the main dwelling roof. The main roof over the proposed extension at 1 Sundew is lower therefore is can be viewed as subservient to the host dwelling.

The front elevation wall on the double storey side extension is aligned with the front elevation of the main dwelling. The proposed extension at 1 Sundew has the front elevation set back.

The side wall of the extension at 1 Samphire Rd along Harebell Rd is built right up to the boundary line. The proposed extension at 1 Sundew CI retains an access route from the front garden to the rear parallel with Sorrel Road.
