Description

Please describe details of the proposed development or works including any change of use

Good morning. We are currently trying to purchase 7 Albany Avenue, which currently sits on one title deed, but is laid out as two separate flats, each with their own utilities, council tax and water. We want to change this back into its former glory to one big semi-detached house.

To do this, and get the bridging loan (temporarily) necessary to fund this forever home project for my family, we will be needing to do the following work, once this application is successful:

- Remove the upstairs kitchen and boiler, and this will become a third bedroom upstairs.
- Remove the doorway at the bottom of the stairs leading up to the 'now' first floor flat to make it look like a normal stairway.
- Contact the relevant companies and council to inform them and start the process of changing the two meters for utilities etc to just one. (We are led to believe only one feed is to the property, and is then split-off inside the property).

Has the work or change of use already started?

Yes

No

Existing Use

Please describe the current use of the site

The current use of 7 Albany Avenue is that of two separate flats which are in rentable condition. The property itself is on one title deed on land registry.

They are now empty due to the vendors marketing it for sale.

Is the site currently vacant?

If Yes, please describe the last use of the site

We are led to believe it was rented up until the time it came on to the open market for sale. We have been assured we are buying it un-tenanted when the time to complete the purchase happens.

29/09/2023
