

RETENTION OF CONSERVATORY, GARDEN WALL & GREENHOUSE

SPRING COTTAGE, CHAPEL LANE, ELMSTEAD MARKET

APPLICATION REFERENCE 23/01367/FULHH

APPLICANTS STATEMENT

In 1994 we obtained planning consent for two small extensions to the existing 1920s built extension at the back of the cottage.

When it was completed we saw that there was an opportunity, if we extended the rear extension wall further along the garden boundary with 1 Church Road, to put a conservatory in the corner created by the new wall and the adjacent piano room & bathroom walls and the boundary wall with 1 Church Road and putting a timber framed structure across from the boundary wall by the adjacent piano room & bathroom & kitchen walls to hold doors & windows and a simple polycarbonate roof.

View from the garden looking towards the conservatory & piano room behind.

Piano room entrance

the boundary wall

Bathroom wall & kitchen door

We did not want to put any pictures on the wall of the bathroom so had an internal door made to go in with a picture of the house on the wall. It is a small picture but it is a nice touch. The door is made of wood and has a small picture of the house on it. It is a nice touch and it is a small picture but it is a nice touch.

The door is made of wood and has a small picture of the house on it. It is a nice touch and it is a small picture but it is a nice touch. The door is made of wood and has a small picture of the house on it. It is a nice touch and it is a small picture but it is a nice touch.
