

Dear Annette,

Ref: Planning Application 57922/001 Malindi, 65 Hogmoor Road, Whitehill, Bordon, GU35 9ES

Thank you for speaking with me last week.

As requested I have attached a PDF with photos indicating the major branches that we are seeking to cut back, due to damage they are causing to the property of 7 Gorsedown Close.

The finished length of branches A and B is proposed to be 2m. and the clearance from the end of branches and affected dwelling is also 2m.

Branch C would be left at 0.5m and approximately 2.5 metres from the dwelling.

Branch c is a smaller off shoot of the top branch which is also on the way to encroaching the neighbouring dwelling and given it's height , can cast debris onto the chimney of no. 7 Gorsedown close.

I hope this clarifies our request.

Please do come back should you require any further information.

Kind regards

Tim Sandford
