

PROPOSAL: Installation of 6No. PV solar panels on south facing roof.

SITE LOCATION: Castle Cottage , Church Street, Amberley, West Sussex, BN18 9NF

SDNP/23/03936/HOUS

ECOSYSTEMS SERVICES STATEMENT

Action	Relevant Policy SD2 Criteria
Install PV panels	I. Reduce levels of pollution

The development will generate carbon-free electricity for domestic use and sale to the grid and permit the reduction of oil consumption for domestic heating, lighting and cooking and, in the longer term, for heating (for example by reducing the need for grid electricity for a heat pump).
