Please provide a brief description of the building or part of the building you are proposing to demolish

The part to be demolished was built C20th century as an extension to the C18 century farmhouse. It is constructed in typical Flemish bond red brickwork. This part was significantly renovated under 15/00095/LB where it was re roofed with tradition pantiles (the original double pantiles were removed). The existing floor was excavated and replaced with a Limecrete slab with underfloor heating and all skirtings and architraves removed and replaced. The mortar was repointed with lime mortar and the joinery replaced and all internal walls boarded and skimmed in gypsum plaster.

Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?

Demolition of this latter additional will make way for the new extension to provide a larger Kitchen and Formal Entrance Lobby area. The existing formal entrance is not situated in an ideal orientation so the existing utility is used as the main entrance adjacent to the car park.
