

Do not scale from drawings.
 All dimensions are in mm unless otherwise stated.
 All dimensions to be verified on site before proceeding with the work.
 Any discrepancies to be notified in writing to the Architect immediately.
 All boundaries indicative only and to be confirmed by others.
 Any fire related information indicated on this drawing to be verified by specialist.

- KEY**
- +XX.XX Proposed levels
 - Existing trees to be retained
 - Root protection zones
 - Resin bound gravel (porous)
 - Self binding gravel (porous)
 - Clay brick paving (laid on permeable sub-base with 7-8mm wide sand joints)
 - Grasscrete with solid surfaces for circulation (pedestrian / wheels) and localised rumble strips to slow car movement.
 - 300mm raised water feature
 - Gravel margin
 - Tarmac
 - 1.10m Timber fence to match park boundary. Gates to match
 - 1.10m Wire mesh fence set within instant native hedgerow
 - Max 2.0m high timber pole fence set within planting and localised groups of trees. Gates to match
 - Retaining walls / gabion walls
 - A mix of timber benches and individual seats: some of them movable to be placed alongside southern park walk
 - 450mm raised timber top seating in flowing shapes
- NOTE:**
 Extent of retaining walls & permeable paving TBC with Civil Engineers
 Proposed levels TBC with Civil Engineers & Landscape Architects
