Name: [REDACTED]

1. Existing house is not a listed building.
2. The proposal does not affect the street traffic flow or parking.
4. The property currently has a conservatory in place that is causing heat loss through the glass roof. The Installation of new Leka Flat Roof System and 2 x lanterns fitted with SKN 176 Coolite double glazed units (or equivalent) designed to keep heat in and out will improve the thermal efficiency and reduce heating costs.
5. The alteration is to the rear of the property and cannot be seen from the road.
