Reply to email from James Wright, Planning Officer Angus Council (17/08/2023) Uploaded plan to scale showing the position of the existing trees (None of any visual value and most are post maturity). It is premature to ask for boundary treatments as the application is Permission in Principle. These will be described at the time of the formal application. 3 of the 4 sides of the site have substantial and usually acceptable boundaries of stone and timber which will not require changing.
