Description of Proposed Works
Please describe the proposals to alter, extend or demolish the listed building(s)
It is proposed that the timber structure of the roof to the rear of the building is replaced as per the design specification set out in the supporting documentation, re-felted with a modern breathable felt, and retiled using the original stone slates. We also propose to replace the existing sheet glass skylight with a heritage style skylight to enable ventilation through the roof space. (please visit https://www.sterlingbuild.co.uk/product/velux-gcl-2501h-heritage-conservation-top-hung-roof-window for proposed style) Water is leaking through the current bituminous felt - both where it is ripped and where it appears sound. The beams that hold up the roof had been covered in an non-breathable foil insulation which was installed by the previous owners. Upon removal of the insulation, we have found that some of the wood which makes up the structure appears in poor condition. A structural surveyor has provided a design specification for a new ridge and purlins, and recommended some reinforcement of the trusses. The surveyor has advised that there is a risk parts of the roof will not successfully bear the weight of snow.
Has the development or work already been started without consent? ○ Yes ⊙ No
Listed Building Grading
What is the grading of the listed building (as stated in the list of Buildings of Special Architectural or Historical Interest)? On't know Orade I Orade II*
⊙ Grade II
Is it an ecclesiastical building? ○ Don't know ○ Yes ⊙ No
Demolition of Listed Building
Does the proposal include the partial or total demolition of a listed building? ○ Yes ○ No

Related Floposals
Are there any current applications, previous proposals or demolitions for the site? ⊘ Yes ○ No
If Yes, please describe and include the planning application reference number(s), if known
ZA23/24982/LBC - Request for internal alterations
Immunity from Listing Has a Certificate of Immunity from Listing been sought in respect of this building? ○ Yes ○ No
Listed Building Alterations Do the proposed works include alterations to a listed building?
If Yes, do the proposed works include
a) works to the interior of the building?
b) works to the exterior of the building?
c) works to any structure or object fixed to the property (or buildings within its curtilage) internally or externally? ② Yes ○ No
d) stripping out of any internal wall, ceiling or floor finishes (e.g. plaster, floorboards)? ○ Yes ⊙ No
If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).

Separate structural design provided along with photos. Previous owners of the property had installed non-breathable foil insulation in the loft space which had been installed in such a way that the beams nor inside of the roof was visible for inspection at the time of purchase. As part of the process to install floor level insulation as per our granted LBC, we removed the insulation which revealed beams which appear in poor condition, and torn and leaking felt. A structural survey was carried out by RG Parkins who advised new purlins and a new ridge be be installed. All wood will be replaced using structural grade oak. The truss will be reinforced with steel as shown in the Design Calculations document. We also propose replacing the current skylight with a heritage skylight of the same size. **Materials** Does the proposed development require any materials to be used? Yes ○ No Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material) demolition excluded Type: Other Other (please specify): Beams and purlins Existing materials and finishes: Oak Proposed materials and finishes: D30 structural oak. Type: Other Other (please specify): Inside of roof Existing materials and finishes: The roof will be lined with Proctor Roofshield Felt. Proposed materials and finishes: Felt Type: Other Other (please specify): Truss Existing materials and finishes: Proposed materials and finishes: Addition of a 6mm stainless steel plate either side of apex, fixed by ten M16 stainless steel bolts

Details of the pre-application advice received
Hi David
Further to our conversation, I've discussed with Andrea (Principal Planning Officer - cc'd in) and she concurs that LBC is required for the proposed works to the roof.
If you believe that urgent repairs are necessary to make the roof safe, please email her all relevant photographs, structural reports etc, so that she can consider granting consent for the works whilst awaiting a formal application for Listed Building Consent.
Andrea – I've attached the design calcs that Mr Gates sent me earlier and Jo has previously approved application ZA23/24982/LBC for internal alterations, so both she and John H are familiar with the property if there's anything else you need to know.
Kind regards
Leon
Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ⊙ No

Ownership Certificates
Certificates under Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990
Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.
Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? O No
Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/the applicant was the owner (owner is a person with a freehold interest or leasehold interest with at least 7 years left to run) of any part of the land or building to which the application relates.
