<p>Please provide a full description and/or list of the materials/details that are being submitted for approval</p>	<p>At present we have two lights to the gable end/side wall and one just on the corner of the front of the house.</p> <p>I would like to replace/relocate the lights to one light either side of the new front door to assist us when coming home in the evening/winter time and the third light to be above/side of the new side door on the new gable end/side wall to assist with letting the dog in the garden at night time.</p> <p>I hope this will be ok as we already have these lights in place.</p> <p>There is no street lighting in the village and navigating the front and back garden to access the house with a toddler in the dark is quite challenging.</p> <p>We will use wildlife friendly lighting and only use the lights when necessary.</p>
