

ESTABLISHMENT MAINTENANCE: First two years undertaken by selected contractor;					Months								
Operations	J	F	ИΑ	М	J	J	Α	S	ο Ν	I D	No of operation		
GENERAL REQUIREMENTS													
Leafing out inspection, plant material not leafed out shall be replaced by the contractor at his own cost during plant replacement operations					٧						1		
100% of plant material to be present at handover													
90% vegetation free 1m circle centred on each plant to be maintained around planting including mulch cover during establishment period & for extent of contract duration			/ V	٧	٧	٧	٧	٧ .	٧		8		
Hand weed inside shelters					٧			٧			2		
Check stakes, ties and guards, adjust as required			/					٧			2		
Water at frequency to ensure establishment and survival			٧	٧	٧	٧	٧	٧			As required		
Firm plants & keep vertical as required			<i>/</i>					٧			2		
Clear plant stations and planting areas of litter			/ v	٧	٧	٧	٧	٧ .	٧		As required		
Check all plants for signs of pest, disease or nutrient deficiency & seek expert advice as required				٧				٧			2 or as required		
Plant replacements: planting that has failed or is damaged by herbicide application should be replaced during the next growing season								١.	٧		1 or as required		
Pruning: all planting material to be checked for damage to branches, shoots & bark. All dead, damaged branches/shoots or epicormic growth to be cleanly cut back to sound, undamaged wood. All tree works to be undertaken in accordance with BS 3998: 1989. Prunnings & trimmings to be removed from site									٧	,	1 or as required		
Remove plant shelters, to be confirmed by Landscape Architect				٧							ТВС		
INDIVIDUAL TREE PLANTING	_		_										
Check stakes & ties; replace loose, broken or decayed items to original specification. Adjust, refix or replace loose or defective ties, allowing for growth and to prevent chafing Where chafing has occurred, reposition, or replace ties to prevent further chafing								٧			1 or as required		
NATIVE MIXED HEDGING													
Trim to 60cm height after planting, maintain at 1.5m with slight batter to top, trim any rangy branches to 60cm width			/						٧	·	2		
WILDFLOWER/GRASSES SEEDING			_	'	-				-				
										$\overline{}$			
One cut in the first year, in late September, remove arisings off site								٧			1
