Details of the pre-application advice received
It is noted that this area of Park Crescent Road is made up of a mix of building types, the resultant building would not appear out of place, and would not detrimentally impact the street scene. The overall design and character of the proposed extension would result in a building that would not disrupt the established character of the surrounding area.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
