Subject: FW: Trees

Dear Amanda

Thank you for speaking to me on Thursday and for your email requesting more information, your reference 2023/3216.

I have tried to send two emails to you from my ipad however they seem to be too big to send so I am trying on my work laptop now to see if its any better.

I have attached photographs of the trees in question. The first two photos are in relation to tree 3, the branches are approximately 40 feet long and we feel need to be cut back to the trunk. The second two photos relate to tree 2, again these are about 40 feet long and we feel need cutting back about 20 feet.

I have also sent photos where you can see the branches above the house and have marked the trees on the sketch.

Tree 1 just has some dead wood and I understand that we do not need permission granted to cut this off.

If there is any further information please do let me know, I have done my best with them as I am not very technical.

I look forward to hearing from you.

Kind regards

[REDACTED]
