Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

I now have the first floor extension complete and the roof tiles match the existing on the house.

I have noted on the approved plans that the smaller lean to roofs for the garage are "match existing".

I am hoping to fit slate on these two lean to roofs.

I have looked at surrounding building in my street and some just have felt roof garages with another having a different tile to their main roof structure.

The rear of the garden is not ovelooked in any way but for your information the annex that I can see from rear garden has a slate roof (3 Park Road Sudbury). They will match these as well as my next door neighbours large car garage at the rear of his property - also slate.

Please advise.

Please state why you wish to make this amendment

It is now clear that this would be more aesthetically pleasing and match my new front door colour.
