Good afternoon planning,

T30a - Sweet Chestnut

My apologies for the missing information. I have attached the photograph detailing the point at which 3m is measured from, too an approximate line giving the 3m clearance. Please also note my colleague incorrectly identified the tree as a Horse Chestnut.
Should you require anything further, please do let me know.

Kind Regards

Oliver Buck – (TechIOSH)

Dear Mr Buck

Thank you for submitting amendments to the above application on 30th October 2023, in response to our letter/email of the same date.

Please can you provide further clarity with regard to the following:

Tree T30a

Please identify which branches are to be pruned either via an annotated photograph or sketch OR specify the fixed point/line from which the 3m is measured to provide separation between the two buildings.

Kind regards

Trees – Planning Services
