Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Has the work or change of use already started?

- Yes
 No

Existing Use

Please describe the current use of the site

Is the site currently vacant?

- Yes
 No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

Yes

No

Land where contamination is suspected for all or part of the site

Yes

No

A proposed use that would be particularly vulnerable to the presence of contamination

Yes

No

Materials

Does the proposed development require any materials to be used externally?

Yes

No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Walls

Existing materials and finishes:

Unfinished horizontal feather-edge softwood boarding.

Proposed materials and finishes:

Neutral-coloured timber clad walls.

Type:

Windows

Existing materials and finishes:

White painted double glazed timber casements.

Proposed materials and finishes:

Grey powder-coated hybrid metal triple-glazed windows.

Type:

Roof

Existing materials and finishes:

Pitched roofs with clay and slate tile coverings.

Proposed materials and finishes:

Extensive green roof including a mixture of sedum and willflowers with solar panels on the south slope.

Type:

Doors

Existing materials and finishes:

Magnet timber clad external door with poor insulation properties.

Proposed materials and finishes:

A high performance front door with no air leakage and rear (south facing) sliding door and bedroom door consisting of high performance triple-glazed units.

Type:

Boundary treatments (e.g. fences, walls)

Existing materials and finishes:

There are no existing fences or walls. The site is enclosed by hornbeam hedges.

Proposed materials and finishes:

The site will be enclosed by timber fence sections 2m high abutting the existing hornbeam hedges on the inside of the plot. The hedges and trees incorporated in them will grow above the hedge height and be protected by a Land Registry Covenant stipulating that they shall not be maimed or removed.

Type:

Vehicle access and hard standing

Existing materials and finishes:

There is parking for the existing dwelling at the entrance to the plot.

Proposed materials and finishes:

Vehicle access will continue to be via a shared entrance driveway. A sliding gate will separate the communal area from the internal part of the plot. Within the plot there will be a turning area and parking for two vehicles. This area will be made of neutral-coloured permeable resin bound aggregate.

Type:

Lighting

Existing materials and finishes:

Solar powered LEDs illuminate the access path to Orchard Cottage. A mains powered sensor floodlight is attached to the front elevation.

Proposed materials and finishes:

Solar powered LEDs will illuminate the parking area and garden paths. Mains powered low-intensity LEDs will illuminate the entrance gate, the perimeter of the dwelling. All lighting will be designed to avoid light spillage and glare that might affect neighbours and the street scene.

Type:

Other

Other (please specify):

Bin stores

Existing materials and finishes:

L/A waste bins are currently stored beneath the overhang of The Elms timber shed.

Proposed materials and finishes:

Waste and recycling bins will be stored adjacent to the site of the proposed greenhouse within the curtilage of the dwelling.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

Yes

No

Trees and Hedges

Are there trees or hedges on the proposed development site?

Yes

No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

Yes

No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

Yes

No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

Yes

No

Will the proposal increase the flood risk elsewhere?

Yes

No

How will surface water be disposed of?

Sustainable drainage system

Existing water course

Soakaway

Main sewer

Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

c) Features of geological conservation importance

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Foul Sewage

Please state how foul sewage is to be disposed of:

- Mains sewer
 Septic tank
 Package treatment plant
 Cess pit
 Other
 Unknown

Are you proposing to connect to the existing drainage system?

- Yes
 No
 Unknown

If Yes, please include the details of the existing system on the application drawings and state the plan(s)/drawing(s) references

The new dwelling will be connected to the mains sewer via the existing manhole which is located within the boundary of the plot. The existing dwelling has been connected to this same manhole since well before our purchase of The Elms in 2001. The manhole is adjacent to the greenhouse which can be seen on the Site Plan. There will thus be no additional burden on the public sewer or requirement to make any new connection outside the curtilage of the dwelling. Re-arrangement of the internal underground 100mm soil pipe will be done under Building Control supervision.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

Yes

No

If Yes, please provide details:

Waste will be stored on site in L/A wheelie-bins and taken to the front of the communal driveway on collection days.

Have arrangements been made for the separate storage and collection of recyclable waste?

Yes

No

If Yes, please provide details:

Food waste will continue to be recycled via brown bins and general recycling via blue bins.

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

Yes

No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

Yes

No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

Yes

No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

Yes

No

Hours of Opening

Are Hours of Opening relevant to this proposal?

Yes

No

Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

- Yes
 No

Is the proposal for a waste management development?

- Yes
 No

Hazardous Substances

Does the proposal involve the use or storage of Hazardous Substances?

- Yes
 No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant
 Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes
 No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Yes

No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

Yes

No

Is any of the land to which the application relates part of an Agricultural Holding?

Yes

No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
