a long lasting roof that will withstand the most severe weather conditions.

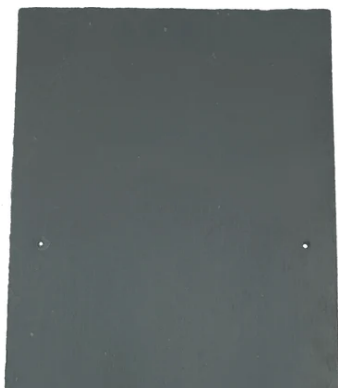

Smooth in texture and blue / black in colour, the Ardigonte is a Non-carbonated slate formed by tectonic compression. The Ardigonte will feature slight pyrite within the slate, which will have no affect on the quality or longevity.

Roofing Outlet work closely with the Spanish Slate Factories to import the slate direct from the Ardigonte Quarry. As a result, we can offer this Standard Grade Spanish roof slate at a price that offers superb value for money.

Slate samples can be collected from our London Depots and we offer fast deliveries into London and the home counties with crane offload vehicles.
