London SE15 2HP

To whom it may concern

Broccoli Tree Care recommends the following works for the following reasons:

Front: ONE Poplar tree (T1)(ht.12m) Full fell. Tree's root system is undermining paving in number 154 and 156, creating a trip hazard, while falling branches present a risk to users of the public pavement and road uneven floor. We recommend replacement with a smaller new tree.

Regards

Jon Kail
