

St. Edward's School, Oxford

## *Retention of Temporary Classroom & Walkway*

PLANNING APPLICATION | NOISE IMPACT ASSESSMENT

October 2023  
Prepared by TSH Architects

### **1. Statement**

1.1. The site is already used for a mixture of school teaching and residential activities. As such the retention of the building for three more years will not cause any significant change in either the type of activity taking place on the site or the times at which they occur. Therefore, there will be no significant impact upon the existing conditions of noise emanating from the site.
