Good morning Joanne,

This email is in response to the Invalid letter received for the planning application: "Installation of 130kWp solar PV ground array for generation and consumption of electricity at the farm at Park Farm Castle Road Wormegay KINGS LYNN Norfolk"

With regards to point 1. The site is within Flood Zone 1 as per the government's flood risk map for planning (see attached evidence), therefore unless more detail is provided as to why a flood risk assessment is required, it is our understanding that we do not need to prepare one.

Please also find attached the requested updated Location Plan and Site Plan as per point 2 of the letter.

With regards to point 3, please can you provide us with instructions on how to pay the additional fee.

Many thanks,

Rhiannon Williams, MSc
Graduate Consultant
